

*Single direction only with compact tractor hydraulic power unit

Power Tiller/Leveler/Soil Conditioner

FEATURES

- Our quick attach plates fit most skid steers
- Direct-drive motor turns large 10" rotor
- Tungsten - carbide teeth
- Power angling (optional)
- Large solid rubber wheels
- Rubber shields
- Isolator hitch mount
- Depth changes on-the-go
- Larger and more powerful than the competition

Hydraulic motor mounts inside the exclusive Direct Drive Rotor eliminating reduction chains, sprockets, gears, or bearings.

Till, Level, and Condition...

An attachment that pays for itself in a very short amount of time... replacing your hand labor work crew. This versatile unit rakes stones and debris to either side or straight ahead for easy pickup. The aggressive teeth on the large-diameter rotor pulverize soil like an ordinary tiller, with the benefit of faster ground speed. The counter-rotating rotor moves soil ahead of it as it tills, filling in low spots and chewing off high spots. It creates perfect seedbeds and windrows. This attachment separates rocks, tears up sod, and pulverizes dirt clods. We rake and till deeper than any of our competitors – as deep as 4”.

Larger 10" rotor moves a higher volume of dirt than the competition.

SKID STEER

MINI SKID STEER

COMPACT TRACTOR

Power Tiller/Leveler/Soil Conditioner

72" Model - #900530
84" Model - #900532

Isolator hitch decreases noise and vibration via a rubber shock bushing. Depth adjustments can be made on-the-go

EATON | Char-Lynn

Optional: Pistol Grip Control Harness is required if skid steer is **NOT** equipped with attachment control system. (Only need when ordering hydraulic angling model).

Front and back **rubber shield** for safety and reduction of dust

Direct drive motor gives higher production with lower maintenance

Large solid rubber tires allow easier maneuverability over rough terrain

Optional: Universal wire harness for hydraulic models with attachment controls. Fits Cat/ASV (8-pin) and John Deere/New Holland/CASE/Bobcat (14-pin)

AVAILABLE OPTIONS

- 72" Model
- 84" Model
- Hydraulic Power Angling
- Pistol Grip Control Harness
- Quick Attach Universal Wire Harness (for hydraulic model only)
- Factory Installed Faster Flat-Faced Couplers
- Factory Installed Parker Flat-Faced Couplers

STANDARD SPECIFICATIONS

Model	72"	84"
Rotor Width	72"	84"
Tilling Depth	0-4"	0-4"
Angling	manual 25°	manual 25°
Hydraulic Angling	optional	optional
Overall Width	80"	92"
Overall Length	73"	73"
Recommended Hyd. Flow	15-33 GPM	15-33 GPM
Weight	1275#	1450#

Power Tiller/Leveler/Soil Conditioner

The attachment allows the operator to move material to a uniform elevation. This rapidly prepares the job site with a smooth, consistent level plane.

It also allows you to efficiently grade to your precise slope. This tool is ideal for crowning roads, ditching, and creating swails.

Dethatches and removes old turf and weeds while conditioning the soil.

The Tungsten Carbide Tooth was engineered and designed for the mining industry to cut through rock – making it the strongest tooth in the industry.

SKID STEER

MINI SKID STEER

COMPACT TRACTOR

Got a wet, weedy, hard and rocky location?
The attachment can flatten and pulverize it... ready for seed.

It tills... filling in low spots and chewing off high spots and windrows rock and debris.
It creates the perfect seedbed.

It transforms your work site or yard from a mess to a seed-ready bed within minutes.
